Applicant filed a response to the Ex Parte Quayle of November 13, 2008 on January 13, 2009.

In the Ex Parte Quayle Action of November 13, 2008, the Examiner indicated that the specification was not in compliance as there were nucleic sequences in the specification and no SEQ ID NOs had been assigned to them. Further, there was no record of the sequences in CRF and paper format. The Examiner requested that the sequences in computer readable format (CRF) be provided. The Examiner also indicated that a paper copy of the sequence and a statement indicating that the paper and CRF sequences are the same to also be provided. Applicant has amended the specification to indicate SEQ ID NOs., provided a CRF and a copy of the sequence on paper, and indicated that the sequences on the CRF and paper are the same. The objection to the specification has been withdrawn.
